

Room 9 News

Mrs. Marshall & Mrs. Bruner

January 28, 2020

Math

This week we will work more on multi-step word problems. They are tricky, but we are drawing pictures and organizers to help build equations to solve. We will also start to work on factor pairs, and prime and composite numbers.

Language Arts

We are nearing the end of the novel, Island of the Blue Dolphins! It's been a great story and a good tie in to Social Studies.

Social Studies

This week we are reading about the role of the Spanish in changing the economy of California from hunter-gatherer economy to an agricultural economy.

****We will choose our Missions on Wednesday to research for our reports! **There will be a blue packet coming home on Wednesday for you to read and sign.**** Let me know if you have any questions. These packets need to come back to school everyday, but students are welcome to bring them home for research and writing purposes. We will have time during school to research and write as well.
