

Room 9 News

Mrs. Marshall & Mrs. Bruner

January 6, 2020

Math

This month we will work on Unit 4, Equations and Word Problems. It will be challenging for students because we will have to figure out what they are asking and use all 4 of the basic operations to find the answer.

We will continue with Math Tutoring on Tuesdays and Thursdays at 7:30am if your child needs extra help.

Language Arts

Unit 5 is called Technology for a Green Future. We will be reading mostly nonfiction informational texts to learn how we develop new technology. We will also continue to work on writing informational pieces.

Social Studies

This week's lesson talks about how Spanish explorers colonized California.

**We will start our Mission Reports at the end of January. Look for detailed packets to come home then.

Science

Did you see our eye models before break? This week we will learn about how the brain controls the body.

Other Stuff

*Sunset Spelling Bee is Thursday at 12:30.

**On Jan. 16 we will go on a field trip to the Western Foundation of Vertebrate Zoology (bird museum) in Camarillo. Look for permission slips to come home this week. Email me or write me a note if you'd like to go with us.

Mrs. Bruner will be out for six weeks, starting next Monday, for some surgery. We have a wonderful, energetic sub who will be taking her Mondays for those weeks.
