

# Room 9 News

Mrs. Marshall & Mrs. Bruner

November 18, 2019

## Math

We will have a multiplication test on Tuesday, then start unit 3 on Division on Wednesday. It is still important to practice

**\*\*\*Please practice multiplication facts with your child! It is very important that students know the facts in order to move into multiplying bigger numbers.**

## Language Arts

This week we start unit 4 called Understanding Different Points of View. We will try to answer the essential question as we read, What do we learn when we look at the world through the eyes of others? We start the unit with two short realistic fiction stories. As we read we will also try to figure out if the story is written in first person or third person.

AR Points goal period ends on Nov. 26. Check in with your child to see if they've met their goal. I will be meeting with each student in the next week to check new reading zones and to make a new reading goal that will start on Dec. 2.

## Science

We started our Life Science unit last week looking at owls. We are learning about how they use their body parts to hunt and how humans are similar to owls. This week we will look at muscles and skeletons rolls in the body.

## Other Stuff

\*Nov. 19 is Jim & Rob's restaurant fundraiser night! YUM!

\*Nov. 19-26 are conference days with 12:55 dismissal.

\*There is regular homework this week, but no homework on Thanksgiving week.

\*Nov. 27-29 are Thanksgiving Holidays.
