

# Room 9 News

Mrs. Marshall & Mrs. Bruner

December 2, 2019

## Math

Before Thanksgiving we started unit 3 working on Division. The students quickly realized that knowing their multiplication facts was super important in figuring out a division problem. This week we will be learning some different methods for dividing.

**\*\*\*Please practice multiplication facts with your child! It is very important that students know the facts in order to move into division.**

## Language Arts

This week we will read a longer realistic fiction story about a courageous dog and his humans. As we read we will be comparing different points of view.

Our new AR goal period starts today and goes thru mid-March. Your child should have a letter for you to sign with their progress in the first trimester, and their new points goal and reading range.

## Social Studies

This week we will learn about the Native American people who lived in what is now California.

## Science

In our Mystery Science unit, Human Machine, students will discover the mechanism by which their muscles control their bones to move their bodies. We will be making a robot finger!

## Other Stuff

\*Wednesday is Principal's Recess.

\*Monday, Dec. 9 is SKATE NIGHT at Skating Plus!

\*Dec. 19 is the Awards Assembly.

\*Friday, Dec. 20 will be our class Ornament Exchange and Pajama Day.
