

Room 9 News

Mrs. Marshall & Mrs. Bruner

December 9, 2019

Math

We have practiced several ways to compute long division in the last few weeks. The method that most all students have chosen is called Digit by Digit. This is the traditional method that most of us learned as children. Please check in with your child each night to see how they are doing with long division. And please keep practicing the Multiplicaton Facts.

Language Arts

This week we will read an excerpt from *Black Beauty* which is considered animal fantasy. We will be looking at the story from the perspective of the animal characters.

We are also continuing our reading of *Island of the Blue Dolphins*. Ask your child what has happened so far in the story.

Social Studies

This week we will learn about some of the early European explorers, how they made their way to California, and where they settled.

Science

We are learning about the human eye this week, how it works and some of the causes of vision issues. We will be making eye models!

Music

We are really lucky to have Mr. Brown come to Sunset to teach music classes on Monday's for the next few months!

Other Stuff

*Saturday is our next Saturday Academy.

*Dec. 19 is the Awards Assembly @ 2pm.

*Friday, Dec. 20 will be our class Ornament Exchange and Pajama Day.

*Winter Break is Dec. 21- Jan. 5.
