

Room 9 News

Mrs. Marshall & Mrs. Bruner

February 10, 2020

Math

We started Unit 5 last week on Measurement. We learned about how the Metric system is easier to calculate because it is in increments of 10. We will also look at measures of time, liquid volume, and standard measures of length and volume.

Language Arts

We finished *Island of the Blue Dolphins* last week and we started watching the movie. As we watch we are looking to find what parts of the book the movie left out and to see if there are any additions in the movie.

Social Studies

This week we will be reading about how the Mexican War for Independence affected California. Missions - We are off to a good start with our research! Students will be given a few opportunities this week to continue answering the questions on their blue sheets in preparation of writing the report. Students are welcome to research and write at home as well.

**Please help your child remember to write down the web address of pages they use for research. We are practicing good research skills along with learning about a mission.

Other Stuff

*SKATE NIGHT...TONIGHT! It's the last Skate Night of the year so bring your friends and family!

*We will have a Valentine card exchange on Thursday. Please try to limit the sweets. We have 30 students in our class and it's best to just sign your cards with your own name and not address the cards to each student. This will help greatly in passing out the cards.

*Upcoming Field Trips:

*Feb. 19, Museum of Ventura County & San Buenaventura Mission, 8:30-1:45pm

*March 4, Fire Safety Day in Ventura, 8:30-11:30am (*Note Date Change*)

*March 26, Lake Casitas Floating Lab, 8:30-1:30pm

*The Student Store will be open on Feb.13 with lots of Valentine goodies.

*No school Feb. 14 & 17 for the President's Holidays.
