

# Room 9 News

Mrs. Marshall & Mrs. Bruner

March 9, 2020

## Math

This week we will work on adding and subtracting mixed numbers with like denominators.

\*\*If you need to see our math Activity Book (that's our consumable textbook), your child can log in to Think Central using "v" in front of their 501 number and their regular password. They will be able to look at the Activity Book and the Homework and Remembering book.

## Language Arts

Our reading passage this week is about the making of the Transcontinental Railroad. As we read we will put the events in chronological order.

## Social Studies

Missions - *\*Oral presentations are on Wednesday and Thursday. Students have signed up for a presentation day and should have written their date in folders. There is a helpful sheet in the Mission packet to guide their oral presentations. Please practice these at home.*

## Science

Fire Safety Day was amazing!! We are writing a 5 paragraph essay about all the things we learned.

We will also work on our next Mystery Science lesson called "How far can a whisper travel?".

## Other Stuff

\*Mission Presentations are Wednesday and Thursday.

\*12:55pm dismissal days for Parent Conferences are March 11-17.

\*Upcoming Field Trips:

\*March 26, Lake Casitas Floating Lab, 8:30-1:30pm. (Permission slips will come home this week).

\*May 5, Olivas Adobe, 8:30-2pm

\*\*Thank you to all of the parents and grandparents who have chaperoned our field trips!

**\*We would love some donations of Lysol type wipes for our classroom. The students are working at keeping our room as clean as possible by hand washing and would also like to help keep our desks extra clean.**
