

Room 9 News

Mrs. Marshall & Mrs. Bruner
September 23, 2019

Math

Monday is our review day for Unit 1. Tuesday we will have a Math Test. I will get them corrected as quickly as possible so that you can review and sign them.

On Wednesday we will start Unit 2 on Multiplication with whole numbers.

*****Please practice multiplication facts with your child! It is very important that students know the facts in order to move into multiplying bigger numbers.**

Language Arts

This week we will start our second ELA unit called Characters Actions and Reactions. We will be looking at character traits of the characters in our stories. This will also help us develop our own narrative stories as writers.

Science

Our next lesson is called Will a Mountain Last Forever? In this Mystery, students will explore how solid rock breaks apart into smaller pieces through a process called weathering (including root-wedging and ice-wedging).

Social Studies

This week we will read about how to locate places on Earth. Latitude and Longitude are two important vocabulary words we will learn about.

PE

Our class will start TENNIS LESSONS on October 8 and we need a few parents to come play with us! We will meet on the playground from 12:15-12:45 on Tuesdays and Thursdays from October 8-November 14. **Can you come play tennis with us? Let me know!**

Other Stuff

*Sept. 30 & Oct. 1 are Non-Student days. Please mark your calendar.
